- **Insurance Operations:** Commercial Lines, COIs & EPIs, ACORD Forms, Endorsements, Cancellations, Renewals, Policy Checking, Loss Runs, Claims Processing, Billing Investigations, Carrier Portals
- **Data & Technical Skills:** Microsoft 365, Google Workspace, Partner XE, AMS360 (Agency Management System), CRM Platforms, Basic SQL, Data Entry, Data Cleaning, Workflow Optimization, DocuSign

WORK EXPERIENCE

Insurance Account Manager Assistant

Pond Insurance Agency (via Cover Desk Philippines), Quezon City, NCR **June 2025 – February 2026**

- Managed full lifecycle of landlord policy renewals across Partner XE and AMS360, maintaining 300+ client and policy records with strict accuracy, data integrity, and lender compliance standards.
- Generated and distributed 40–100 COIs and EPIs weekly for commercial property clients, managing high-volume documentation workflows under strict turnaround requirements.
- Processed 10–30 non-premium endorsements and 20–30 renewal notifications weekly, coordinating mortgagee updates, carrier confirmations, and billing follow-ups across multiple Account Managers.
- Submitted and tracked 10–70 property claims depending on seasonal surges, coordinating documentation, adjuster communication, and claim progress on behalf of insured clients.
- Proactively redesigned manual renewal and sales tracking processes by building formula-driven Excel workbooks with dashboard views for quarterly, semi-annual, and annual reporting — eliminating hand-calculated entries, reducing processing time by an estimated 15–20%, and maintaining the live system daily to reflect real-time carrier updates and policy changes.
- Acted as central liaison between insured clients, carriers, lenders, and Account Managers, managing high-volume servicing email workflows and ensuring audit-ready documentation and compliance at all times.

Customer Service Associate

Amazon.com, Inc. (via Alorica Philippines) **March 2025 – May 2025**

- Handled 30–40 inbound customer inquiries daily for the Amazon US market, resolving order issues, account concerns, and billing disputes with an average handle time of 7 minutes and 80% CSAT.
- Escalated complex cases and manager requests to appropriate departments, ensuring seamless handoffs and uninterrupted customer experience.
- Maintained accurate case documentation in CRM systems while managing high call volumes in a fast-paced remote environment.

Sales & Retention Specialist

Brightspeed Communications LLC (via VXI Global Solutions, LLC) **July 2024 – January 2025**

- Closed 8–20 fiber internet, VoIP, and copper line service contracts weekly while assisting 30–45 customers daily with billing, payments, and dispute resolutions — achieving 85%+ first-contact resolution.
- Provided technical support for account portal access and management, completing 10–20 troubleshooting cases daily, while retaining 15–20 customers weekly through tailored solutions.
- Maintained 100% accurate CRM documentation and consistently achieved 90–95% customer satisfaction, exceeding team benchmarks.

Technical & Customer Support Specialist

Bell Canada (via Quantrics Enterprises Inc.) **July 2021 – July 2023**

- Troubleshot 30–45 escalated technical cases daily across internet, phone, email, TV, and portal services, achieving 75–85% first-contact resolution.
- Processed 10–30 service modifications per day, including plan upgrades, DSL-to-Fiber migrations, and relocations, while coordinating with multiple backend teams to resolve complex issues.
- Reduced service restoration time by 15–25% through proactive follow-ups, cross-team communication, and ensured full compliance in all case documentation.

CERTIFICATE

- Certificate of Completion: Training Program for Commercial Lines Insurance – CoverDesk Philippines (June 2025)

EDUCATION

Bachelor of Science in Information Technology – Coursework Completed

Northern Luzon Adventist College **July 2019 – May 2024**
