Data & Technical Skills: Microsoft 365 (Excel - Advanced: Dashboard Development, Formula Automation), Google Workspace, Basic SQL, Data Entry, Data Cleaning, Workflow Optimization

WORK EXPERIENCE

Insurance Account Manager Assistant

Pond Insurance Agency (via Cover Desk Philippines), Quezon City, NCR | June 2025 - February 2026

- Managed full lifecycle of landlord policy renewals across Partner XE and AMS360, maintaining 300+ client and policy records with strict accuracy, data integrity, and lender compliance standards.
- Generated and distributed 40-100 COIs and EPIs weekly for commercial property clients, managing high-volume documentation workflows under strict turnaround requirements.
- Processed 10-30 non-premium endorsements and 20-30 renewal notifications weekly, coordinating mortgagee updates, carrier confirmations, and billing follow-ups across multiple Account Managers.
- Submitted and tracked 10-70 property claims depending on seasonal surges, coordinating documentation, adjuster communication, and claim progress on behalf of insured clients.
- Proactively redesigned manual renewal and sales tracking processes by building formula-driven Excel workbooks with dashboard views for quarterly, semi-annual, and annual reporting - eliminating hand-calculated entries, reducing processing time by an estimated 15–20%, and maintaining the live system daily to reflect real-time carrier updates and policy changes.
- Reported directly to COO and acted as central liaison between insured clients, carriers, lenders, and Account Managers, managing high-volume servicing email workflows and ensuring audit-ready documentation and compliance at all times.

Sales & Retention Specialist

Brightspeed Communications LLC (via VXi Global Solutions, LLC) | July 2024 - January 2025

- Closed 8-20 fiber internet, VoIP, and copper line service contracts weekly while assisting 30-45 customers daily with billing, payments, and dispute resolutions, achieving 85%+ first-contact resolution.
- Provided technical support for account portal access and management, completing 10-20 troubleshooting cases daily, while retaining 15-20 customers weekly through tailored solutions.
- Maintained 100% accurate CRM documentation and consistently achieved 90-95% customer satisfaction, exceeding team benchmarks.

Technical & Customer Support Specialist

Bell Canada (via Quantrics Enterprises Inc.) | July 2021 - July 2023

- Troubleshoot 30-45 escalated technical cases daily across internet, phone, email, TV, and portal services, achieving 75-85% first-contact resolution.
- Processed 10-30 service modifications per day, including plan upgrades, DSL-to-Fiber migrations, and relocations, while coordinating with multiple backend teams to resolve complex issues.
- Reduced service restoration time by 15-25% through proactive follow-ups, cross-team communication, and ensured full compliance in all case documentation.

CERTIFICATE

- Certificate of Completion: Training Program for Commercial Lines Insurance: CoverDesk Philippines (June 2025)
